

GSERTEL

Gsertel will exhibit the new concepts in measurement equipment at **IBC 2017**

New products and features will be presented in this edition:

- RCS family grows with a little brother: **RCS 50** intended for small sites and reception monitoring.
- **Hexylon**, the new and revolutionary multistandard meter that everyone is talking about is HERE!!

LIVE DEMO of RCS and HEXYLON devices at our stand 8.E26

With 16 years of wide experience in measuring technologies, more than 12000 GSERTEL devices have been delivered to professional users worldwide
