

Urban Innovative Action

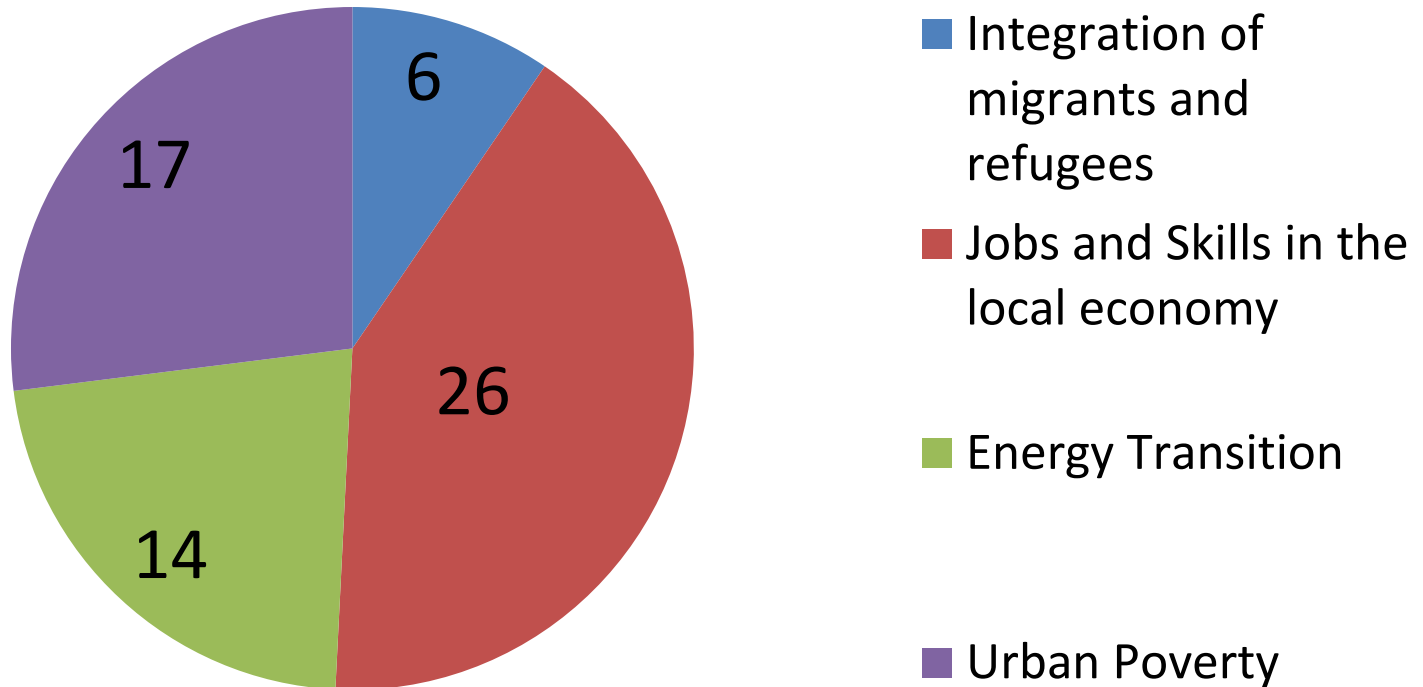

**Resultats of first call in Spain
2 March 2017 - Madrid**

Eligible Spanish cities

Number of applicants: 72

Eligible applications: 63

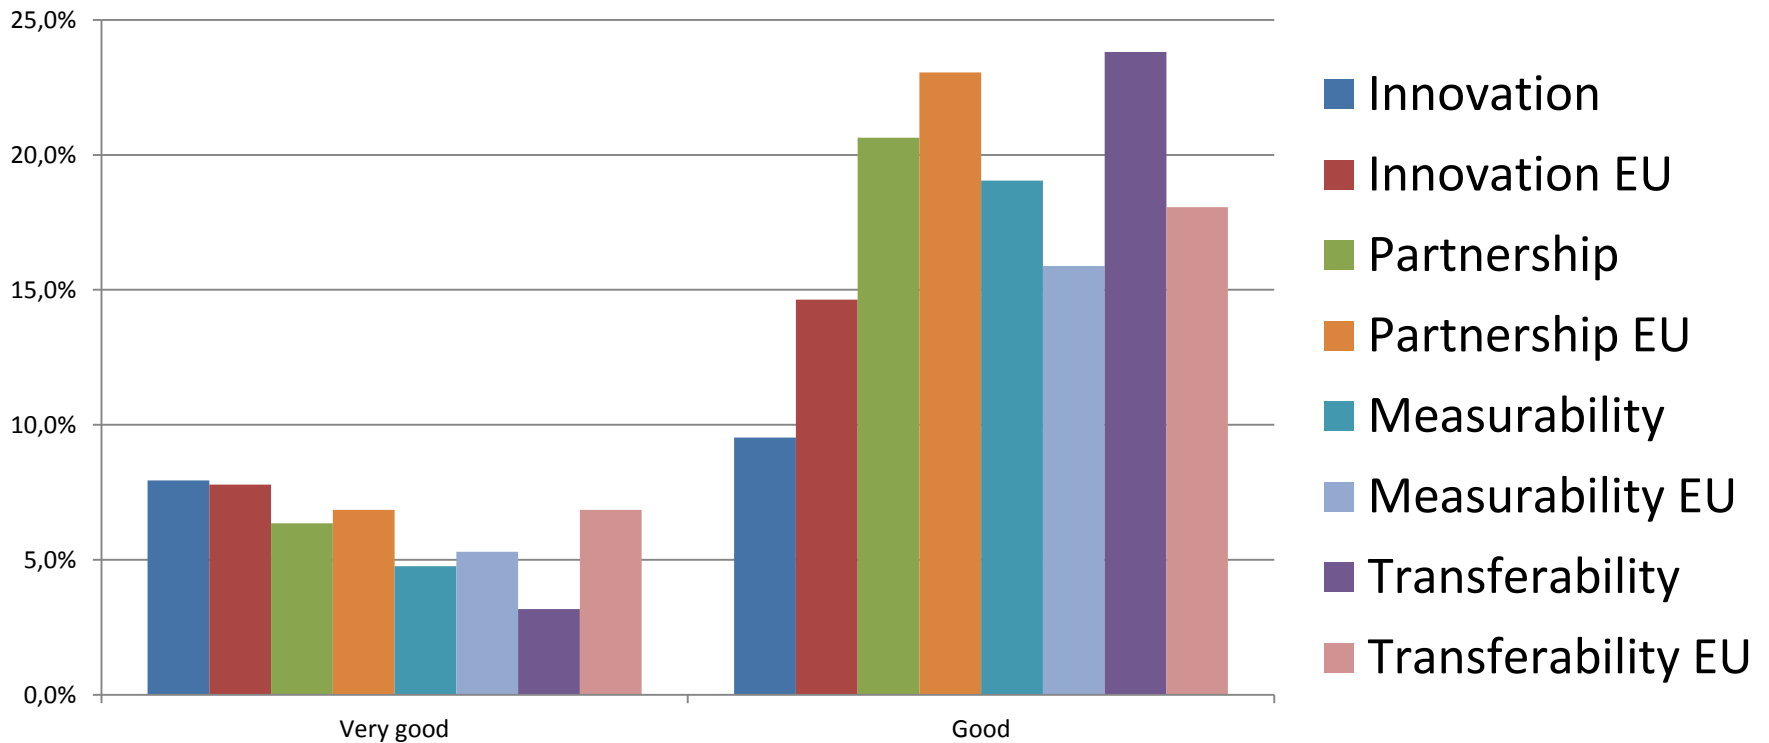

Spanish cities applied to:

Quality of Spanish cities applications

	Very good	Good	Fair	To be improved	Weak
Innovation	7,9%	9,5%	25,4%	44,4%	12,7%
Partnership	6,3%	20,6%	25,4%	39,7%	7,9%
Measurability	4,8%	19,0%	22,2%	34,9%	19,0%
Transferability	3,2%	23,8%	19,0%	30,2%	23,8%

Spanish cities and EU cities

State of play

Selected cities: Barcelona, Bilbao,
 Viladecans, Madrid

There is a significant number of projects with the potential to be good projects (10-15) across several regions (for example Andalusia, Catalonia, Castile and Léon, Community of Madrid, Galicia, Murcia, Navarra, Valencian Community)

Untapped UIA legacy

- **Resources mobilized by local authorities to set-up projects**
- **Willingness of local authorities to promote city innovation**
- **Methodological approach to identification of place based solutions**

Synergies and complementarities with National and EU funds

- **Mapping of programmes with coherent objectives**
 - Place based approach
 - Thematic priorities
- **Alignment of calls calendars**
 - Announcement of calls
 - Timetable
- **Evaluation of proposals**
 - Eligibility criteria for innovative cities
- **Others?**
