THE FRAMEWORK PROGRAMME FOR RESEARCH AND INNOVATION

Convocatorias @ H2020

Convocatorias 2017 @ H2020

Para industrias creativas en H2020

ICT-19-2017: Media and content convergence.

8-Nov

ICT-20-2017: Tools for smart digital content in the creative industries.

25-Abr-2017

ICT-21-2016: Support technology transfer to the creative industries.

ICT-22-2016: Technologies for learning and skills.

ICT-23-2017: Media and Content Convergence

25-Abr-2017

ICT-24-2016: Gaming and gamification.

ICT-36-2016: Boost synergies between artists, creative people and technologists.

ICT 19 - 2017

Media and Content Convergence

- ***New services*** around convergence of broadband, broadcast and social media.
- Towards a fully ***personalised and interactive*** user experience.
- Increase ***use of ICT technologies*** in the Media industry.

ICT 20- 2017

Tools for Smart Digital Content in the Creative Industries

> **Goals:** Making **content "smarter"** thanks to new and emerging technologies

Maximising the potential for **re-use and re-purposing** of all types of digital content

> **Should:**

- Clearly specify which **sector(s) of the Creative Industries** are being addressed.
- Demonstrate significant **progress beyond SoA** in digital content production and management
- Focus on **technologies for the production** of new content or for the enhancement and (re-)use of already existing digital content

Important:

- **Digital content:** Can be of any type (*text, video, games...*) (production of the content, not funded).
- **Consortia:** Should include representatives from the targeted *Creative Industries* with a leading role in the design of solutions and their validation.
- **Expected results:** Between technologies validated in lab conditions and technologies *demonstrated in industrially relevant environments* (TRL 4-5).

ICT 20- 2017

Research & Innovation Actions

Impact:

- Increase the potential for **re-purposing and re-use of digital content** in order to diversify the market and improve ROI for producers
- Improve technologies for **digital content production** and management
- **Reduce costs** for the production of enhanced digital content
- Proposals should provide concrete **individual impact statements** including clear qualitative and quantitative objectives and success indicators.

ICT 23- 2017

Interfaces for accessibility

> RIA:

- Intelligent, affordable and personalised **interfaces for people with cognitive disabilities**. Should recognise user's abilities & be able to detect behaviours, patterns, emotions and intentions in real life.
- Test solutions, models and algorithms to improve (and act upon) **information extraction from brain** and neural signals.

> IA:

- Automatic support to **web assessments**, fast processing of dynamic content and large volumes, and combination of automatic /expert reviews.

ICT 23- 2017

Interfaces for accessibility

12M€
2 M€/proy

Impact (a):

- Improved communication and **interaction capability** of people with disabilities and facilitate social innovation;
- More affordable **technologies and products** that support interactions for people with disabilities;
- New generation of **services** that are highly adaptable and personalisable to individual contexts;
- New approaches to **brain computer interfaces**.

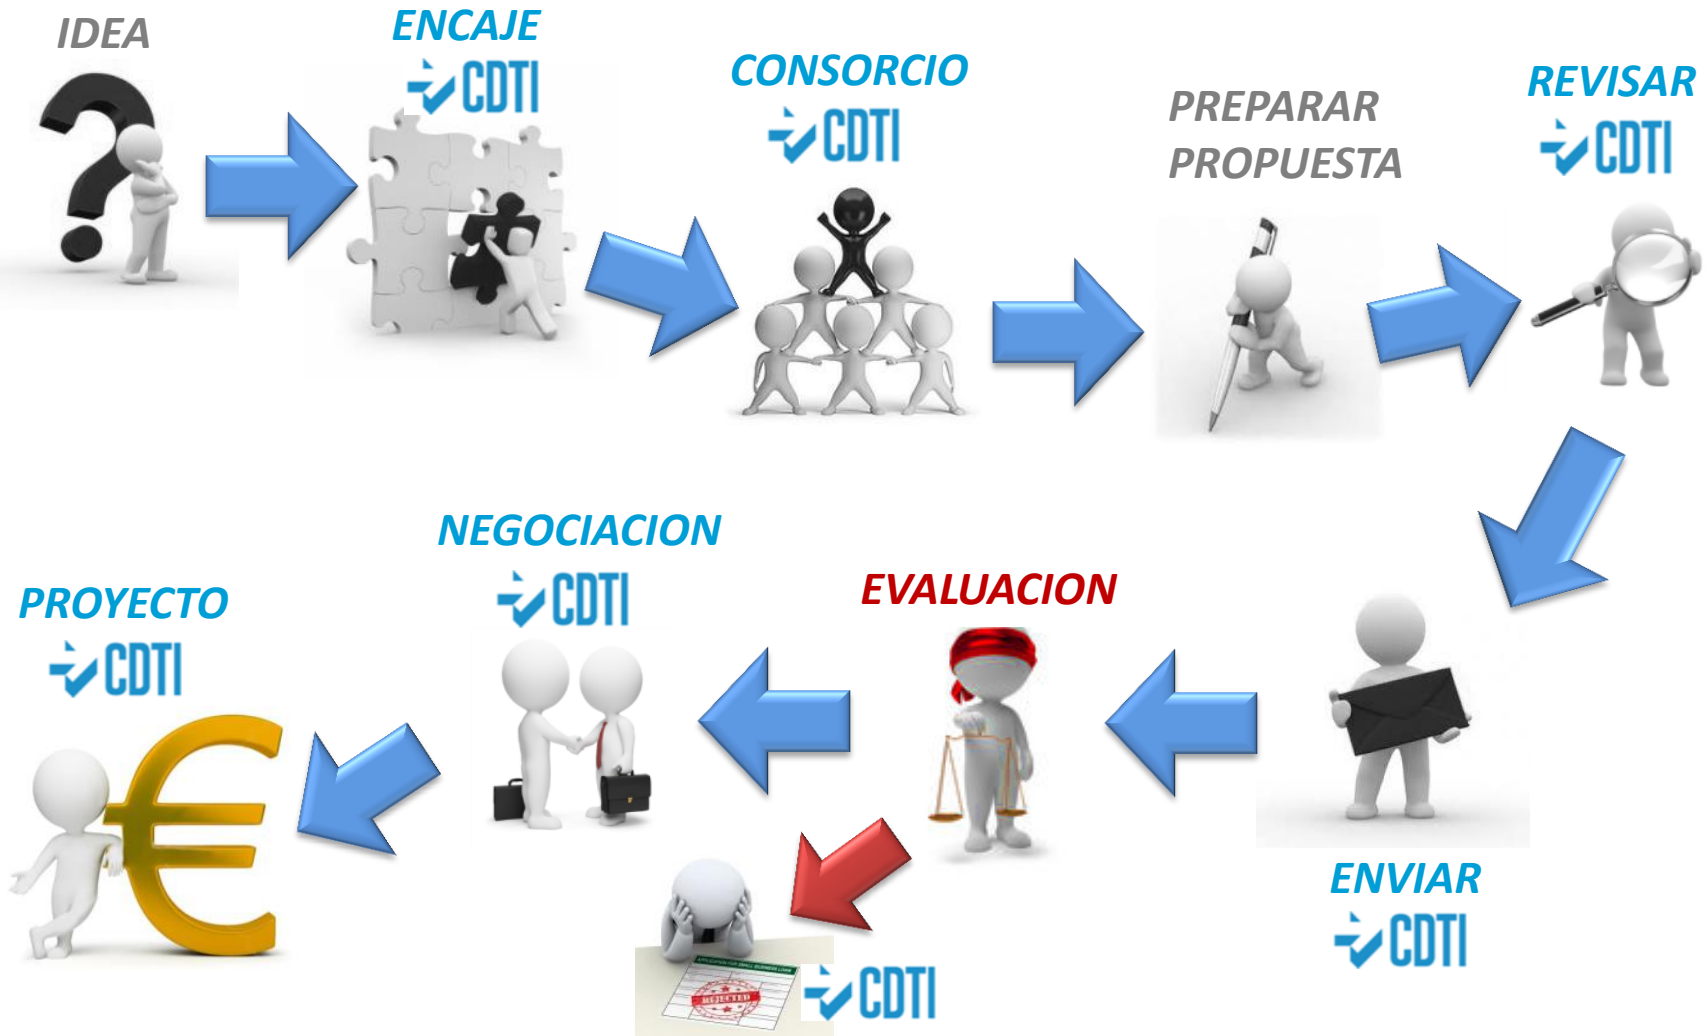

Impact (b):

- Easier and more cost effective **assessment of web accessibility** requirements, at scale.

Industrias Creativas @ H2020

Proyectos en marcha (2015-16)

- **Call 1 projects** <https://ec.europa.eu/digital-single-market/en/news/h2020-innovation-actions-supporting-creative-industries>
- **Call 2 projects** <https://ec.europa.eu/digital-single-market/en/news/new-projects-supporting-creative-industries>
- **Menos masificada** que el resto de H2020 (éxito del 42% en la última convocatoria).
- Enfoque particularmente interesante para los **participantes españoles** (más de 5M€ en gamificación e industrias creativas).
- Altísimo **liderazgo español** (35% de proyectos financiados en última conv.).

NCPs & Representantes ICT

Fernando Martín Galende: *m-n-electronics, Components & Systems. Advanced Computing. BigData. Photonics. EU-Brazil Actions.* fernando.martin@cdti.es

Fernando Rico Ríos: *Future Internet. IoT. Digital Security. Entrepreneurship. EU-Japan/ Korea Actions.* fernando.rico@cdti.es

Paloma Dorado Aguilar: *ECSEL (JTI).* paloma.dorado@cdti.es

Enrique Pelayo Campillos: *Robotics, Industry 4.0, Digital Contents.* enrique.pelayo@cdti.es
