74.828 millones de € para I+D+i

## 1. Excellent Science

European Research Council

Future and Emerging Technologies

Marie Curie Actions

Research Infrastructures

## 2. Industrial Leadership

Leadership in Enabling & Industrial Technologies

- information and communication technologies
- nanotechnologies
- advanced materials
- biotechnology
- advanced manufacturing and processing
- space

Access to Risk Finance

Innovation in SME

## 3. Societal Challenges

7 Challenges

- Health, Demographic Change and Wellbeing
- Food security, sustainable agriculture, marine and maritime research and the bio- economy
- Secure, Clean and Efficient Energy
- Smart, Green and Integrated Transport
- Climate Action, Resource Efficiency and Raw Materials
- Europe in a changing world: Inclusive, Innovative and Reflective Societies
- Secure Societies – Protecting Freedom and Security of Europe and its Citizens

Joint Research Centre (JRC)

Widening Participation

Science with & for Society

European Institute of Innovation and Technology (EIT)

Joint Programming P2P

Joint Technology Initiatives (JTIs) P2B

# LOS RETOS DE LA SOCIEDAD

28.630 millones de €

# GREENING THE ECONOMY

A word cloud centered around the theme of 'Greening the Economy' and 'Horizon 2020'. The words are arranged in a circular pattern, with 'Horizon 2020' being the largest and most prominent. Other significant words include 'Circular Economy', 'Climate Action', 'Resource Efficiency', 'Blue Growth', 'Environment', 'Raw Materials', 'Water Innovation', 'EcoInnovation', 'Recycling', 'Research', 'Waste', 'Natural Resources', 'Earth Observation', and 'Innovation'. The colors of the words range from dark green to brown, reflecting the 'greening' theme.

Blue Growth  
Environment  
Raw Materials  
Water Innovation  
EcoInnovation  
Circular Economy  
Climate Action  
Resource Efficiency  
Recycling  
Research  
Waste  
Horizon 2020  
Natural Resources  
Earth Observation  
Innovation

# LA JPI CULTURAL HERITAGE

## CULTURAL HERITAGE A CHALLENGE FOR EUROPE

### Developing a reflective society

- Recognition that the world is changing and that research questions, approaches, methods and reporting need to reflect this change.

### Connecting people with heritage

- Addressing themes and issues that enable people and communities to connect with heritage, underpinned by sustainable management plans.

### Creating knowledge

- Deepening our understanding of the context in which cultural heritage exists and is formed, and developing innovative approaches, applications and tools that will create added value for society from cultural heritage.

### Safeguarding our cultural heritage resource

- How we can protect our heritage and the research that is required to support protection.

# NATURE BASED SOLUTIONS

## INNOVATING WITH NATURE

### INCREASE RESILIENCE

Green roofs can cool buildings in the summer and prevent heat loss in the winter

 -10% energy use

 European market for green roofs  
+ €380m sales  
+ 11m m<sup>2</sup> yearly

### DECREASE URBAN HEAT STRESS

Trees, green space and vegetation can attenuate urban heat stress and reduce temperatures by up to 13°C compared to full sunlight

### ENSURE WELL FUNCTIONING ECOSYSTEMS

Restoration and preservation of ecosystems can provide very high returns on investment and help to avoid costs of expensive infrastructure

#### EFFECTIVE CO<sub>2</sub> STORAGE

Northern Germany

RESTORING 10% OF DRAINED PEATLANDS

 avoids damages worth €22m/year from CO<sub>2</sub> emissions

 WATER SUPPLY AND PURIFICATION

### IMPROVE AIR QUALITY

HEALTH AND WELL-BEING

Trees and green walls can halve the amount of health threatening particles in the air 

10% more urban green space

 can reduce health care and sick leave costs

by €400m/year per 10m inhabitants

# GRANDES DEMOSTRADORES EN CIUDADES DE SOLUCIONES BASADAS EN LA NATURALEZA

### Enterprise Europe Network Cooperation Opportunities Database

The Enterprise Europe Network (EEN) publishes an extensive number of innovation and technology profiles from international companies and research organisations to help identify suitable partners for bilateral business, innovation and technology cooperation.

The database has the following types of profiles:

- Research and technology offers to further develop an existing technology
- Research and technology requests to complement a product in the development stages
- R&D partner searches to participate in funded projects

## The European Parliament

The European Parliament is a unique example of multinational and multilingual democracy at work. This guide describes its powers, roles and structure.

>>

### We recommend

#### World atlas of desertification

This introduction to the third edition of the World Atlas of Desertification outlines the biophysical and socioeconomic processes underlying land degradation.

>>

#### Addressing terrorism

France, Denmark and Belgium suffered terrorist attacks between 2014 and 2016. These followed other deadly attacks in previous years in the UK, Spain, Belgium, the Netherlands and France. Europeans need to understand what has happened and to be better prepared to

#### Poverty and employment

This report presents the findings of the EU Agency for Fundamental Rights' survey on poverty and employment among Roma people.
